## VANTAGE III

PVC-FREE WALL PROTECTION

### Specifications

Content  
Weight (Avg)  
Thickness  
Width  
Backing  
Packaging

### Performance

Olefin composite  
33 oz/ly (746 gr/m<sup>2</sup>)  
.034" average  
52/54" (132/137 cm)  
Drill  
30 yd bolts

### Fire Safety

- Class A ASTM-E-84 (*GRC*)
- NFPA 101 Life Safety Code
- CAN/ULC S102

### Features and Benefits

- High Performance heavyweight woven fabric backing
- Bleach cleanable & disinfectant safe
- Resistant to chemicals

### Environmental and Health

- evo® PVC-free
- 30% Recycled Content
- Health Product Declaration (HPD)
- Prop 65 Compliant
- Free of Antimicrobials
- Free of Halogenated flame retardants
- Meets California Section 01350 Indoor Air Quality Standard
- Aggressive manufacturing materials recovery & reuse program
- Phthalate Free
- Highly cleanable water-based inks

### USGBC LEED Support

- Supports LEED v4 criteria
- Indoor Environmental Quality: Low emitting materials
